POLYETHYLENE REPLACEMENT ROOF DOME

Specification: MIFAB® - RoofGuard Model RG2016DD polyethylene (with UV inhibitor) replacement roof dome with an 19" diameter, horizontal slotted, free area drainage design. The RoofGuard has a 10 year limited warranty.

WHY RoofGuard?

MAKE ROOF DRAINS UNCLOGGABLE

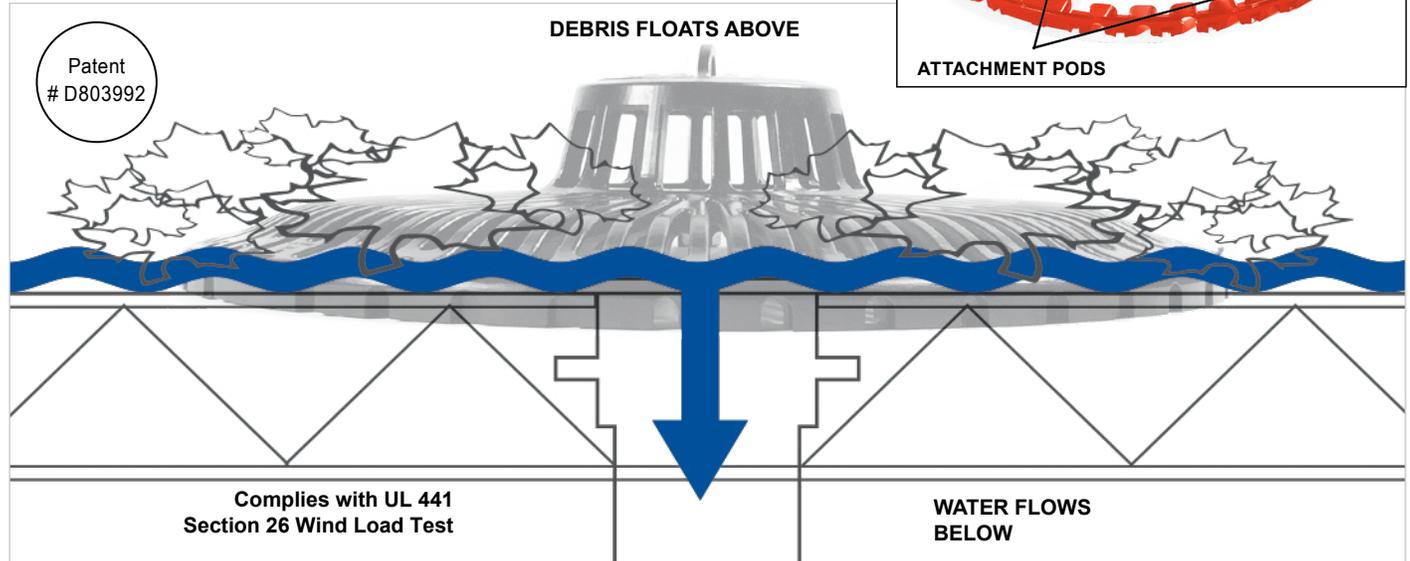

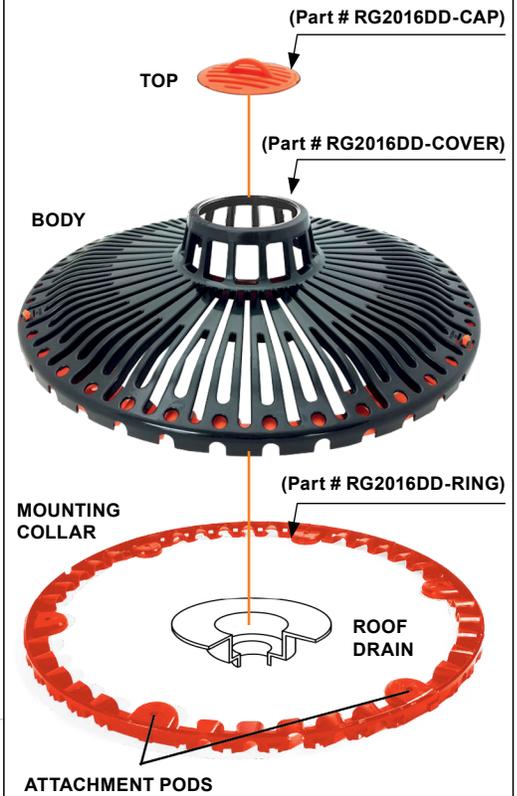

RoofGuard ELIMINATES STANDING WATER:

- Patented design increases surface area by up to 5x or more making a RoofGuard protected drain virtually uncloggable. RoofGuard SAVES \$\$
- RoofGuard works 24/7.
- Eliminates leaks and costly repairs caused by clogged drains.
- RoofGuard will replace any Roof Drain Dome Strainer up to 15" in diameter.
- Installation is fast, simple, and requires no tools.
- Removable Top allows easy access to drain and piping without detaching RoofGuard.

INSTALL IT:

- Clean and remove all dirt, debris, and other loose material in area around the drain where RoofGuard is to be installed. After cleaning, if the area is wet dry it off removing as much moisture as possible.
- Remove and dispose of current drain dome strainer.
- Turn RoofGuard over and fill the Attachment Pods with an exterior adhesive. Make sure the Pods are completely full and overflowing with adhesive to properly bond.
- Turn RoofGuard over to install over the drain. Press firmly on top of the Attachment Pods to ensure good adhesion to the roof surface. The body can be detached from the mounting collar for full access.

Model RG2016DD illustrated

With RoofGuard on duty 24/7, protected roof drains should only require an annual inspection and cleaning to remove accumulated seasonal debris.
