T2000 bodies have a a List Price of \$502.94. Each body is 39.40" long

List Price, Each (Body Only) \$502.94

List Price, Per Foot (Body Only) \$153.18

PER FOOT PRICE CALCULATION:

Full size bodies: Divide the above noted List Price (\$502.94) by length of the body (39.40") = \$12.7649 List per inch. (Body Only)
\$12.7649 x 12" = \$153.18 List per foot (Body Only)

Full size standard ductile iron grates:

Divide the List Price (\$79.70 for the T2000-PGC-4 for example)

by length of the grate (20") = \$3.985

List per inch. \$3.985 x 12" = \$47.82 List per foot. (Grate only)

Therefore, a typical T2000 trench drain system is \$201.00 List Price / foot (\$153.18 + \$47.82). This List Price includes the body, ductile iron grate, steel angle iron frame, grate lockdown hardware and support clips. End caps, outlet connections and all other accessories are extra.

Frames (All frames are made to the body length - 39.40" unless otherwise specified)supplied with each grate to bolt grate to frame)
