Re: MIFAB Specification Drainage Price Increase Effective January 2, 2015

Dear Valued Customer,

MIFAB has experienced increases in our raw material, transportation and overhead costs since our last List Price increase in 2014 and therefore must increase our List Prices for our specification drainage products.

Effective January 2, 2015, MIFAB's new MPB-2015-CAN will be in effect. The List Price increase is 8%.

We expect to have our new MPB-2015-CAN specification drainage products List Price Book available for distribution in December.

All current quotations with the MPB-2014-CAN List Prices must be entered as orders on or before January 1, 2015 and be released for shipment no later than February 1, 2015 for current price protection.

If you require any additional information please don't hesitate to contact your MIFAB representative.

Thank you in advance for your continued support and understanding in this matter.

Sincerely,

Tom Willis  
National Sales Manager
