Note: This guide is prepared to assist in determining the MIFAB Catalog number which is similar to the J R Smith number referred to. Due to the simplified modular design of MIFAB products, this index indicates the product which is closest in design, based on function: eg. Free Area, Loading Rating, Depth, Material etc.

*** Includes "-C" membrane clamp in areas with waterproof Membrane. As a recommended alternate, use F1100 in non membrane**

Note: This guide is prepared to assist in determining the MIFAB Catalog number which is similar to the J R Smith number referred to. Due to the simplified modular design of MIFAB products, this index indicates the product which is closest in design, based on function: eg. Free Area, Loading Rating, Depth, Material etc.

*** Includes "-C"**
membrane clamp in areas with
waterproof membrane.
As a recommended alternate,
use F1100
in non membrane areas,
delete "-C" membrane clamp.
*** MC-14 or MC-15 are**
recommended alternatives.
Less pipe space,
lower cost and fewer parts
