ECONOMY TEST PLUGS

Specification: MIFAB C1440-TP Series of economy test plugs with galvanized steel flange, neoprene rubber gasket, and galvanized steel wing nut operating screw. Temperature rating of 0 – 125 F.

Function: Fits into cast iron and / or plastic pipe to seal the pipe opening. Operates within a 2 p.s.i. back pressure. Ideal for pressure tests of sewer pipes through test connection with hollow screw. The test plug offers a simple and quick installation by inserting it into the pipe end (spigot end or socket).
