**C1470**

**CAST IRON STACK CLEANOUT**

**Specification:** MIFAB C1470 Series lacquered cast iron stack cleanout with threaded bronze cleanout plug and 1/4" NPT. access hex head plug.

**Function:** The C1470 Series is used in concealed drainage lines where access to the piping is required via a cleanout that permits testing of the piping above the plug through the use of internal threads inside of the tee.
