# F1100-C-4POD

# PLANTER PODIUM DRAIN

**Specification:** MIFAB® Series F1100-C-4POD (\* specify strainer diameter) lacquered cast iron floor drain with anchor flange, high rough-in membrane clamp, extension body, drain body clamp and standard satin finished nickel bronze strainer with vandal resistant stainless steel allen key screws.

**Function:** Typically used in planters which are integrated into various locations across the podium. Planters require a secondary concrete pour over the podium's primary drainage membrane. MIFAB's system allows the use of a second drain body to properly drain and waterproof the interior of the planter.
