

Location: _____

G & J

OVAL FUNNELS

Specification: MIFAB® Series G (specify strainer finish) 4" x 9" open throat funnel or Series J (6" x 3") with vandal resistant, allen key screws available in either nickel bronze, cast iron or Type 304 stainless steel material.

Function: Used in restaurants, hospitals, industrial laboratories, and other areas where indirect waste lines above the floor drip condensate or waste water into the hub. The funnel prevents splashing and directs the waste into the drain. The exposed section of the grate will drain any other water on the floor. The funnel is bolted to the grate with a concealed screw and may be moved to any other grate location. The G Series 4" x 9" oval funnel is recommended for multiple pipe use. The shallower J Series 6" x 3" oval funnel is recommended for multiple pipe use in areas where a lower oval funnel is preferred.

PART NO.	STRAINER DIAMETER	"A"	"B" HEIGHT	WT. LBS.	STRAINER ADJUSTMENT	
					MIN.	MAX
G	5"	9.00"	4.00"	2.50	½"	1 ½"
J	5"	6.00"	3.00"	2.00	½"	1 ½"
