**SPR**

**SPACER RINGS FOR 5" OR 6" ROUND STRAINERS**

**Specification:** MIFAB spacer rings are available in either 5" or 6" round (specify size and material -1 for nickel bronze or -3 for stainless steel), are 3/8" high and machined on the underside to fit into the existing MIFAB 5" or 6" round floor drain strainers.

**Function:** Engineered to be placed between the floor drain threaded shank and the top grate in order to elevate the grate in 3/8" thick increments in order to meet the finished floor height. The spacer rings can be stacked on top of each other to attain the desired finished grate height with the hardware provided by MIFAB.

The SPR spacer ring can be used to adjust the height of the strainer to match any discrepancies in finished floor grade. Any number of rings can be added together. Each ring adds 3/8" of height.

| PART NO.     | DESCRIPTION    | WT (LBS.) |
|--------------|----------------|-----------|
| <b>SPR-5</b> | 5" Dia. x 3/8" | 0.75      |
| <b>SPR-6</b> | 6" Dia. x 3/8" | 1.00      |

| NUMBER OF RINGS                | HARDWARE (3 PIECES REQUIRED) |
|--------------------------------|------------------------------|
| <b>1 RING</b>                  | H-1014                       |
| <b>2 RINGS</b>                 | H-1015                       |
| <b>3 RINGS</b>                 | H-1016                       |
| <b>4 RINGS</b>                 | H-1018                       |
| <b>4 + RINGS CONTACT MIFAB</b> |                              |

| SUFFIX    | OPTIONAL VARIATIONS |
|-----------|---------------------|
| <b>-1</b> | Nickel Bronze       |
| <b>-3</b> | Stainless Steel     |
