T200-PGC-13-GM

Galvanized Steel Mesh Grate to suit 8" clear opening channels

Specification: T200-PGC-13-GM galvanized steel mesh grates are independently certified to meet Load Class C tested in accordance with EN 1433 (56,200 lbs (250kN). The grate length is 39.37" (1 m). The grates utilize the patented "Clipfix" grate locking mechanism. The system (channel and grate) provides longitudinal shift protection. Optional 19.69" (.50 m) grates are also available in Load Class C (Part # T200-PGC-13-GM-500).

CLIPFIX ADVANTAGE

The MEA polymer concrete and GRP channels are designed for our universal CLIPFIX grate locking mechanism. The system (channel and grate) provides longitudinal shift protection.
