T200-PGE-4-HP

Ductile Iron Heelproof Slotted Grate to suit
8" clear opening channels

Specification: T200-PGE-4-HP ductile iron heelproof slotted grates are independently certified to meet Load Class E tested in accordance with EN 1433 134,800 lbs., 600 kN. The grate length is 19.69" (.50 m). The grates utilize the patented "Clipfix" grate locking mechanism. The system (channel and grate) provides longitudinal shift protection.

CLIPFIX ADVANTAGE

The MEA polymer concrete and GRP channels are designed for our universal CLIPFIX grate locking mechanism. The system (channel and grate) provides longitudinal shift protection.

Grate Free Area
