TS-3

STAINLESS STEEL TOP SET STRAINER

Specification: MIFAB® TS-3 Series Top Set Finished floor / shower drain strainers with 4" machined N.P.S.M. threads, three screws underneath grate for vertical and side to side adjustment after the pour and protective plastic cover. Available in 5" or 6" diameters in Type 304 stainless steel. Furnished standard with vandal resistant allen key screws.

Function: Used as a finished floor / shower drain to receive wastewater. Plastic cover provided with every strainer protects the grate during the construction process and eliminates the need to tape over and then clean the grates. Three screws underneath the grate allow for the rim and grate to be raised after the concrete pour and adjusted side to side to meet the floor finish. Strainer has a 4" N.P.S.M. thread to work with any of MIFAB's floor drain bodies.
