| OPTIONAL VARIATIONS |   |                |
|---------------------|---|----------------|
| SUFFIX              | DESCRIPTION   | LIST PRICE     |
| -AK                 | Anchor kit for all SuperMax interceptors  | \$1,505.00     |
| -C                  | Lid Extension - up to 44" high - (2 pieces included)  | \$1,380.00     |
| -C                  | Lid Extension - up to 72" high - (2 pieces included)  | \$2,760.00     |
| -C                  | Lid Extension - up to 94" high - (2 pieces included)  | \$4,140.00     |
| -COA                | Coalescer pack  | \$3,225.00     |
| -FL-C               | Membrane clamp kit - for all SuperMax interceptors (2 pcs. Included)  | \$2,228.00     |
| -F6                 | 6" no hub inlet and outlet (flow rate of 700 GPM with 6" connections)   | \$288.00       |
| -F8                 | 8" no hub inlet and outlet (flow rate of 1200 GPM with 8" connections) (not available for side inlets / outlets)                          | \$288.00       |
| -HLA                | High level alarm and float switch (to be installed on site) (for Lil Max, Big Max, SuperMax)  | \$3,100.00     |
| -HT                 | Holding Tank  | See Above      |
| -LHSI               | No hub inlet on left hand side (not available with sediment bucket) (for Lil Max, Big Max, SuperMax)                                      | \$81.00        |
| -LHSO               | No hub outlet on left hand side (not available with sediment bucket) (for Lil Max, Big Max, SuperMax)                                     | \$81.00        |
| -POK                | Remote pump out kit (specify location and number required)  | \$280.00       |
| -RHSI               | No hub inlet on right hand side (not available with sediment bucket) (for Lil Max, Big Max, SuperMax)                                     | \$81.00        |
| -RHSO               | No hub outlet on right hand side (not available with sediment bucket) (for Lil Max, Big Max, SuperMax)                                    | \$81.00        |
| -RPO                | 4" Remote pump outlet connections on top of interceptor - specify location and number required  | \$140.00       |
| -SB                 | Sediment bucket - for all SuperMax interceptors   | \$2,051.00     |
| -SP                 | External sampling port - inline, high connections   | \$2,288.00     |
| -SP-L               | External sampling port - inline, low connections  | \$2,288.00     |
| -SAMPORT            | External sampling port - offset, 8" opening   | \$676.00       |
| -SST                | Fire resistant fabricated stainless steel interceptor   | Contact MIFAB® |
| -ST                 | Fire resistant fabricated 10 gauge powder epoxy coated steel interceptor  | Contact MIFAB® |
| -T                  | Female threaded connections - 4" (2 pcs. Included)  | \$166.00       |
| -V                  | No hub vent connection - 4" (specify number required and location - side and / or top) (2", 3" available - Specify -V2, -V3 - same price) | \$154.00       |

Note: The SUPER-2000-O is too tall to be shipped on a regular transport truck. Special transport requirements are needed. Contact MIFAB® for shipping cost.

Note: The SUPER-2000-O can only be installed underground.
