MINI-PL

**MINI MAX®
WET WASTE INTERCEPTOR**

Specification: MIFAB's MIFAB's MINI-PL is a one piece High Density Polyethylene (HOPE) wet waste interceptor with two removable polycarbonate plastic strainer trays, removable filter, 2" HOPE no hub inlet and 2" HOPE no hub outlet connections and four adjustable support legs.

Function: Used restaurants, kitchens, bars, institutions and other types of food processing areas where fat, oil and grease (FOG) and food particles drain with the waste water. Installed directly under or close to the drain sink, grease and food particles are trapped prior to entering the municipality mandated grease interceptor. A disposable filter is required for operation. Two types of filters are available - a fine mesh filter specifically designed for coffee grounds and a general use solids filter.

2" HDPE no hub inlet connection (Part #RH-SPOUT)

Threaded watertight cover to easily access and remove filter, (Part #RH-LID-COM)

Removable filter for either solids or coffee grounds

One piece molded HDPE body (Part #RHG002-Tub)

Adjustable support legs (Part #RH-SS-LEG)

Limited Lifetime Warranty

MINI MAX®
