Re: BEECO Price increase - effective September 15, 2025 – USA

August 22, 2025

Dear Valued Customer,

MIFAB is announcing a BEECO products price increase effective September 15, 2025 due to the recent tariff announcements:

We are doing our best to absorb as much of the cost increases as possible. All current quotations must be registered with your MIFAB representative; entered as orders and released for shipment on or before September 12, 2025 for current price protection. All new quotations and orders entered on and after September 15, 2025 will reflect the new price increases for these products. The price increase applies to all Net prices. New orders are not to exceed one month's average purchases.

The various BEECO product price increases are:

- 1) Testable Backflow Preventers (including PVBs) - 13% multiplier and Net price increase (no change in List Prices)
- 2) Pressure Reducing Valves - 12% multiplier and Net price increase (no change in List Prices)
- 3) Automatic Control Valves - 14% multiplier and Net price increase (no change in List Prices)
- 4) Strainers - 10% multiplier and Net price increase (no change in List Prices)
- 5) Repair kits and all other BEECO products – 15% multiplier and Net price increase (no change in List Prices)

New Net prices will be issued to your MIFAB / BEECO representative soon.

Thank you in advance for your continued support and understanding in this matter.

Sincerely,

Michael Whiteside
President
