

Location:

**R100-90**

**CAST IRON ROOF DRAIN WITH CAST IRON DOME AND SIDE OUTLET**

**Specification:** MIFAB Series R100-90 light commercial lacquered cast iron roof drain with threaded side outlet, anchor flange, cast iron water-proofing membrane clamp ring with integral gravel stop, and standard self-locking cast iron dome strainer.

**Function:** Used in any type of flat roofs and gutters. 8" diameter body is ideal for applications with limited space. Dome provides for efficient drainage of rainwater and prevents debris from entering the drain line.

| Model Number | Outlet Size | Outlet Type |
|--------------|-------------|-------------|
| ● R102N-90   | 2"          | No Hub      |
